MENSTRUAL HYGIENE MANAGEMENT PROGRAM

About us

The more we give we got! We the Chandrans Yuva Foundation have been working on serving humanity for years. The specialization area of creating employment opportunities for the physically challenged thus creating an income source for several underprivileged families.

PASSION LED US HERE

**WE THE
CHANDRANS
YUVA
FOUNDATION
HAVE BEEN
WORKING ON
SERVING
HUMANITY FOR
YEARS.**

CHANDRANS YUVA FOUNDATION

The network created by the organization has been associated with several schools, welfare institutions, and colleges. The Organization is continuously motivated to impart Individual Social Responsibility among people. This is created through various events and programs which engage students, working professionals, business people's active contribution.

A woman in a pink sari with gold borders is focused on operating a white and blue Jack sewing machine. She is in a workshop setting with other people and sewing machines visible in the background. A sign with 'YUVA' is visible on a stand behind her.

**POWER TO
REVOKE
ANYTHING**

invisible Kaleidoscope

Being on a motive to teach for survival, we have our invisible kaleidoscope, we are proud to say that globally we are the first to train 100% visually challenged people on a motor-operated machine. Without the help of others, our team can produce products starting the very first thing to the ultimate finished goods. With the power to revoke anything they had been producing mobile pouches, bags, laptop covers, and even the women wear, you name it!

DISGENDERABLE

PHYSICALLY ABLED AND TRANSGENDERS

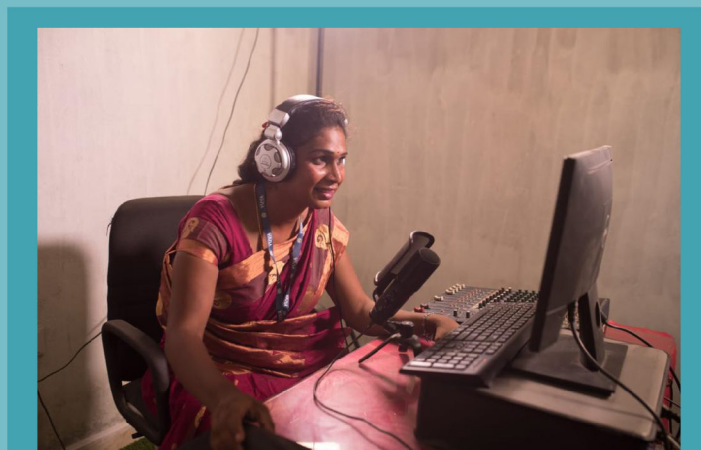

BEAUTY
PARLORS,
STITCHING,
BAKING, AND
COOKING

We have created a Disgenderable booth for baking practices with the help of **physically abled and transgenders** we are on a move to produce our baking products like cakes and other products.

Speaking of the transgenders we have been thunderously supporting them on all the occasions to uplift their well-being, we have been giving free coaching classes on beauty parlors, stitching, baking, and even cooking, we have also assisted them in keeping food stalls. We have worn the honor of creating the first transgender RJ on our platform.

DRIVE-THRU VACCINE DRIVE

On this pandemic, we know the importance of getting ourselves vaccinated because of the fear of waiting period and the spread that cause while on the queue we have joined our hands with FLO COIMBATORE and KG Hospital we been the

first to take an initiative on Tamilnadu by giving vaccine without any other pron on the spread. On filing the Google form we arranged a car for the transport and by having only 4 people per car and also we ensure

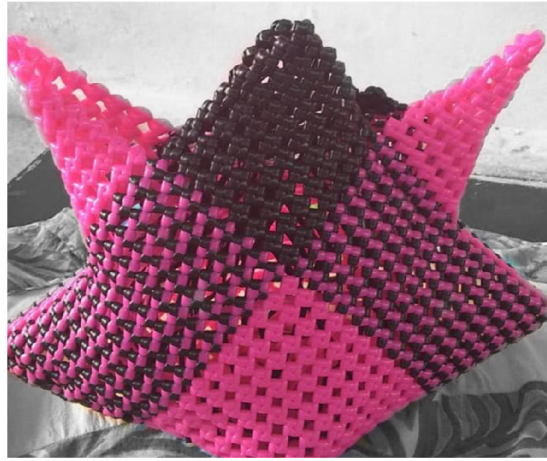

their safety by doubling the mask. By having the tagline of #rollupursleeves we have taken a short during in the car itself and with the help of KG medical staff, we vaccinate them.

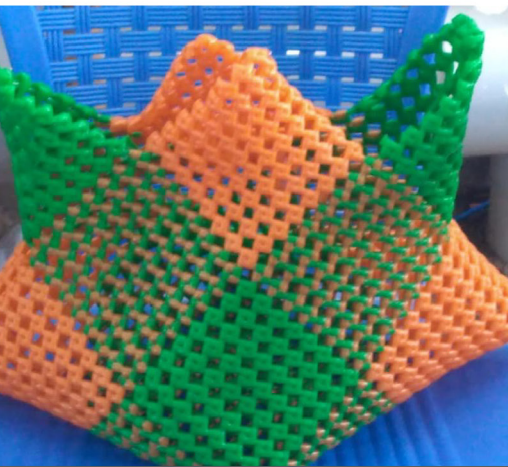

#rollupursleeves

New age Basket

We have forgotten the pureness of wire baskets but to give a reforming

outlook we have now created a new age wire basket these are hand-made yet modern way.

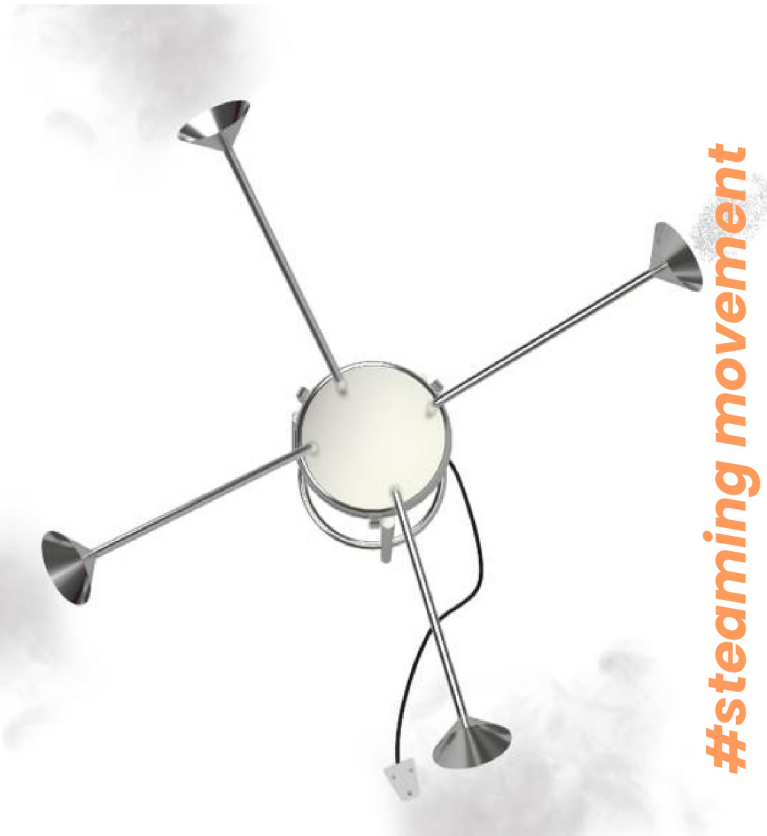

#

*Forgotten
Pureness*

We have created a handwashing movement and presented them free mobile skins to make this time more valuable we have created a steaming movement. At a time 4 people can be in a steam inhaler without the assistance of anyone in four different ways they can inhale this is mainly an eye-opener for the public, officials, and infield workers who have been in the first place to work in our pandemic period.

#steaming movement

MEDICATION MOVEMENT

The peoples who have been got cured on COVID has some medicines left by and here some peoples are not getting enough medicines to make it right we have a team working on to collect the balanced medicine and to deliver it to the right place on right time

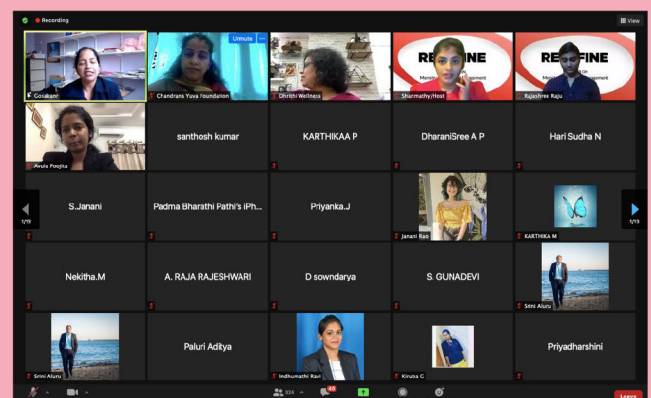

Speaking of this current satiation we have a team that revolves from the first day of this pandemic who are all distributing foods to all kinds of peoples on the wholesome of Coimbatore like GH, Railway Station and so on.

#supporthands

On the occasion of world mensuration day, we have conducted a webinar of more than 400+ participants were attended and major doctors from the UK were held to share their views on mensuration. On speaking awareness we have kept napkins on major of the city and we keep on refilling it and we have created a napkin out of banana fiber and distributed to the tribal peoples of Anaikatti.

Napkin out of banana fiber

HELPING MEET THIS WORLD ON THEIR OWN.

We have created incense sticks (Agarbathi) by our visually challenged peoples they have created sticks on many flavors like herbal, lavender, and so on. The main motive is to create them a to earn with anyone's help they have to meet this world on their own. We are keeping this on a motive of

**YOU GIVE A POOR MAN A FISH AND
YOU FEED HIM FOR A DAY.**
