ISR Marathon 2022 – Running for A Cause

The ISR Marathon is about more than just finishing the race and improving your time. But there's something else that draws people in. The event gives participants the opportunity to help differently abled people. ISR Marathon is an example of personal social responsibility. It all comes down to giving back to society.

The ISR Marathon began in the year 2018. The goal is to bridge the gap between differently abled people and the general public. ISR Marathon helps differently abled and disabled people in the community.

For the past five years, Chandran's Yuva Foundation has organised the ISR MARATHON; but nevertheless, the marathons in 2020 and 2021 were cancelled because of covid lockdown. After two years, CYF MADE A BIG RETURN, with over 5000 people participating and witnessing the Run's cause. The ISR marathon is everyone's social responsibility; its goal is to help the differently abled community by encouraging them to achieve and give meaning to their lives.

Chandran's Yuva Foundation held the ISR MARATHON - A Run for Differently Abled Community on Sunday, August 21, 2022, in Coimbatore, Tamil Nadu. This year's event featured a famous Guinness Recorded Chef MR. Damodaran and Actor Azhar as chief guests. Mrs. Shashikala Sathyamoorthi, the Chairperson, honoured the Chief Guests. The founder of the SSVM Group of Institutions, Mrs. Manimekalai Mohan, and S. Ramkumar, district governor of Lions Club International, were there to officially launch the Individual Social Responsibility (ISR) Marathon as well as the guest chef Mr. Damodaran.

The marathon was divided into four age categories: 1km, 3km, 5km, and 10km. Individuals with disabilities, school and college students, and ordinary citizens all took part. The disabled community took part in a wheelchair marathon around the VOC park grounds. Participants and winners were honoured and awarded certificates and medals at this large event. Beneficiaries received tricycles, wheelchairs, sewing machines, hearing aids, artificial limbs, and blind glasses. Police traffic safety equipment, school kits, and sanitary napkin vending machines were distributed to a few government schools.

ISR RUN PRESENTED BY

Library is A heart Of the School, It's the hub.

We are living in a digital world where most of the students would prefer carrying out an internet search to clarify their doubt and to build their concept. However, the significance of the library cannot be denied even today.

A library still serves as an important source of knowledge for the school students as well as teachers. It is important to develop the habit of reading in students.

Chandran's Yuva foundation assists students in gaining access to a high-quality school library. A healthy well-used library is a strong indicator of a school's reading culture.

The Mind Gear Program's objective is to establish free libraries for students. To raise the standard of children's literature taught in classrooms. The "mind gear" initiative, which is supported by the Chandrans Yuva foundation, increases the usability of school libraries.

MIND GEAR is a free school library programme that helps children improve their reading abilities while also developing academic skills, independent thinking, and increasing sociocultural knowledge and interests.

Under the Mind Gear scheme, We Chandran's Yuva Foundation established a school library at Madhampatty Government School. The Madhampatty government school received over 2500 books. It includes books on literacy, science, and technology, as well as reference books and dictionaries.

Sri Krishna Aditya Education supports Chandrans Yuva Foundation, who are the scheme's sponsors, to carry out this scheme.

On August 5, 2022, the Wisdom Library at Madhampatty Government School was inaugurated by the Chandrans Yuva Foundation and Sri Krishna Aditya. In addition, an interactive session was held with the school students, and a brief literature lecture was given to them. They express their enthusiasm for the wisdom library.

World Elders Day

Place: St Joseph's Old age Home

Let us celebrate the **elderly** - In today's fast-paced world, everyone separates from their extended family and forms a nuclear family. We **Neglect Our elders** who **look** after us when we are young. We forget our responsibilities and turn into **selfish** as **well**. This increases the number of **old age** homes in our society.

Osho says, 'It's natural for parents to **love** their children. If children **love** their parents, it's extraordinary', And at that moment Chandran's Yuva Foundation decided to be that 'extraordinary'.

Chandran's Yuva Foundation made a visit to an old-age home with Coimbatore Collector to celebrate World Old Age People Day. On October 1st, 2022, we went to an old-age home called 'St Joseph's Old Age Home' in Podanur, Cbe, which housed 60 elderly people.

When we reached there, they were **overwhelmed** and we **could** see the happiness in their eyes. They **looked** happy, but **still**, we can feel their pain of not being able to **live** with their dear ones. We spent some time there, **clicked** pictures with them, distributed some **Cloths** and **flask**, had an amazing time by spending time with them, and the **people** **looked** **blissful** in our company.

Small gesture to Corporation Worker

Everyone enjoys their work and has the ability to choose their job. However, some people in society are required to participate in a profession because of their situations.

Work Is worship - Everyone in our country celebrates Saraswathi and Ayudha pooja to honor their profession. This year, Chandran's Yuva Foundation joins hands with Coimbatore Corporation employees to honor their profession of cleaning up our society. Without them, our city would be filthy; they are the first people we see in the morning. They are very sincere in their profession. We, Chandran's Yuva, took the initiative to encourage and honor their profession. We went to the Coimbatore Corporation Office to take part in the Saraswathi and Ayudha pooja celebrations.

Mrs. Shasikala Sathyamurthy chairman of the **Chandran's Yuva foundation** distributes some small gifts to the corporation workers at the end of the Ayudha pooja celebration. Never forget to look at the small things in society. The society requires appreciation and encouragement.
